A Private Condominium In Seixal

A private common hold in Seixal (Lisbon area). First place we recommend to visit is the roof with a terrace and panoramic swimming pool. From there, it is possible to overlook Lisbon, the Tagus river surrounding the bay of Seixal, the Bridge and the Christ-King.

The apartments, from 1 to 4 rooms duplex with terrace on the rooftop, have spacious and bright rooms, with windows wide opening to the balcony and the much desired outdoor space.

Fully equipped kitchens with branded built-in appliances, such as: multifunction oven, microwave, induction hob, dishwasher and washing machine. There is an air conditioning system in living rooms, suites and bedrooms. You will also have a thermal and acoustic insulation, sanitary water heated by solar panels and a high energy performance in your apartment.
